Sir:

Applicant responds here to a *Notice of Drawing Inconsistency with Specification* (the "Notice") in the above-identified patent application. This response is being timely filed within the one-month response period set by the PTO. The Notice indicated that "Figure 26 is contained in the Drawings but not listed in the Brief Description of the Drawings in the specification."

In a telephone interview (on 11/01/05), the Examiner agreed to amend this application by Examiner's amendment to insert the following description of Figure 26 into the Specification, on page 6, between lines 5 and 6:

FIG. 26 illustrates PC-to-PC Forward Unconditional.

In view of this Examiner's Amendment, withdrawal of the *Notice of Inconsistency* is respectfully requested. Applicant respectfully requests timely notification from the PTO to the effect that the Notice has been withdrawn.
